

OUTLINE OF TOPICS

	PAGE
1. Judgment as an act or faculty of the mind: its contrast with the act of conception or with the faculties of understanding and reason	844
2. The division of judgments in terms of the distinction between the theoretic and the practical	
3. The analysis of practical or moral judgments: judgments of good and evil, means and ends; categorical and hypothetical imperatives	845
4. The distinction between the aesthetic and the teleological judgment	
5. The nature of theoretic judgments	
5a. The linguistic expression of judgments: sentences and propositions	
5b. The judgment as a predication: the classification of subjects and predicates	
5c. The judgment as relational: types of relation	846
6. The division of theoretic judgments according to formal criteria	
6a. The division of judgments according to quantity: universal, particular, singular, and indefinite propositions	
6b. The division of judgments according to quality: positive, negative, and infinite propositions	
6c. The division of judgments according to modality: necessary and contingent propositions; problematic, assertoric, and apodictic judgments	
6d. The classification of judgments by reference to relation: simple and composite propositions; categorical, hypothetical, and disjunctive judgments	
7. The order and connection of judgments	
7a. The formal opposition of judgments: the square of opposition	
7b. The conversion of propositions: the problem of immediate inference	
7c. Reasoning as a sequence of judgments: the chain of reasoning	
8. The differentiation of judgments according to origin, ground, or import	847
8a. Self-evident and demonstrable propositions: immediate and mediated, intuitive and reasoned judgments	
8b. Analytic and synthetic judgments: trifling and instructive propositions	
8c. <i>A priori</i> and <i>a posteriori</i> , non-existential and existential judgments; the problem of <i>a priori</i> synthetic judgments	
8d. The division of judgments into the determinant and the reflective: judgments as constitutive or as regulative	
9. Degrees of assent: certainty and probability	
10. The truth and falsity of judgments	848
